

TEXAS PEACE OFFICERS ASSOCIATION
Austin Chapter

Mission

The Texas Peace Officers Association is dedicated to improving relations between law enforcement organizations and the communities they serve, through professional training of the membership and aggressive public information efforts. The association seeks to serve as a resource for police managers, individual officers and community members.

Vision

The Texas Peace Officers Association promotes professionalism among law enforcement organizations, and citizen involvement in Community Policing. The association is an informed voice for its members and the community at large.

December 13, 2016

Dear Friend,

The Austin Chapter of the Texas Peace Officers Association (TPOA) annually awards merit-based scholarships to students accepted to accredited colleges or universities. We would like to recognize our scholarship recipients and celebrate their accomplishments. We especially want to highlight our effort to expand our scholarship fund to help a greater number of deserving students.

Founded in 1935 as the Texas Negro Peace Officers Association, today's Texas Peace Officers Association is a statewide, non-profit organization dedicated to improving relations between law enforcement organizations and the communities we serve, through professional training of our membership and dynamic public information initiatives. TPOA serves as a resource for police managers and promotes professionalism among law enforcement organizations, as well as citizen involvement in community policing.

We hope you will consider making a tax-deductible contribution to TPOA for our scholarship fund and costs associated with raising monies for the fund. Contributions can be made as a standalone donation or as a sponsor of the TPOA Scholarship and Awards Banquet. Please use the enclosed form or visit our website at www.tpoaapd.org.

Thank you for your support.

Sincerely,

Chandra Ervin
President, Texas Peace Officers Association
